Fire testing laboratory opens today

TIMES NEWS NETWORK

Bengaluru: The global safety science company, Underwriters Laboratory, jointly with the Jain Group of Institutions has set up a fire testing laboratory in Kanakapura. The facility will be inaugurated on Thursday.

The UL Jain Fire Laboratory at the JGI Global campus will help customers test various fire suppression/extinguishing products. The facility will offer fire safety educational programmes and support research and development activities.

Chenraj Roychand, founder chairman, JGI Group, said on Wednesday that the world-class fire testing facility will accelerate innovation in developing new fire suppression products and serve the industry.
