Dear *Sri Chenraj Ji,*

It is indeed my pleasure to wish you a very happy and healthy 60th Birthday

I really appreciate the yeoman service done to mankind in general and field of education in particular. You have taken leadership in nurturing the future of knowledge thirsty students and created a pool of good citizens for the nation. Leading a group that has more than 90 educational institutions under its umbrella is a very big task. In fact it is a Herculean task. I do not hesitate to mention that you have done it with great empathy, sincerity and integrity.

You are the epitome of generosity, humility and character. I take this opportunity to once again wish you a very happy 60th Birthday and pray to God to give you a long, healthy and successful life. I wish a great success in all your future endeavors.

With best regards,

Dr. Karisiddappa 17.6.21.
Vice Chancellor
